

FEATURED ALUM-A-LIFT SELF-PROPELLED CLEANROOM LIFT WITH DUAL BOOMS

PROJECT 30395

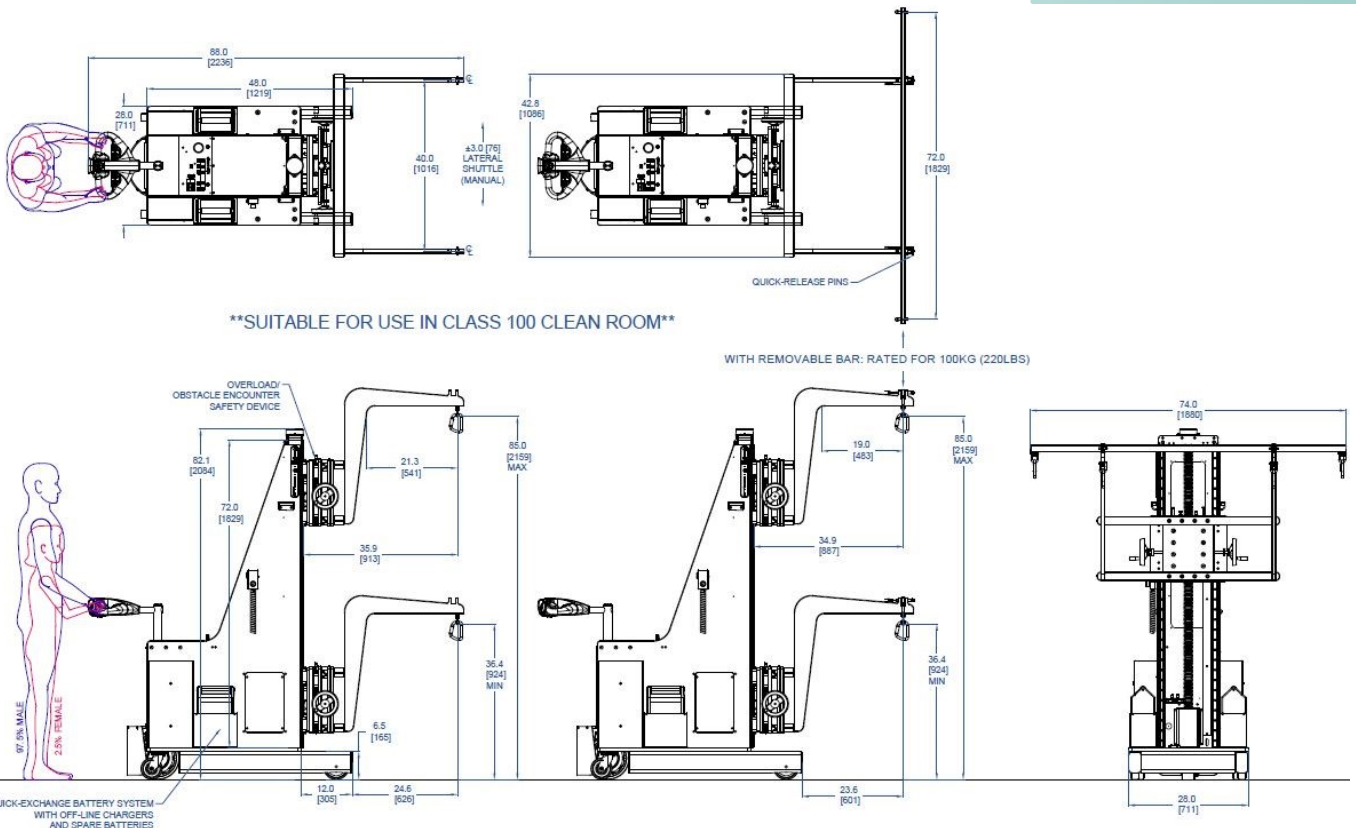

MODEL C1500CRSLRPD-72

FEATURING Dual Booms w/ Hoist Rings, Manual Lateral Shuttle, Spring Overload Safety Device, Powered Drive Wheel, Quick Exchange Batteries, Removable Spreader Bar

HANDLING 700 lb [318 kg] Electronic Components

DETAILS A large electronics manufacturer needed a lift to remove long, heavy components from one of their machines. Configured for use in a Class 100 (ISO 5) cleanroom, this Alum-a-Lift features dual booms with load-rated hoist rings. A lateral shuttle module allows operators to make fine side-to-side adjustments at the machine in order to ensure steady, consistent lifting of the expensive components. A removable spreader bar is included for handling lighter components that are much longer in length.

SUITABLE FOR USE IN CLASS 100 CLEAN ROOM

WITH REMOVABLE BAR: RATED FOR 100KG (220LBS)
