

FEATURED ALUM-A-LIFT TEST MODULE INSTALLATION AND SERVICE TOOL

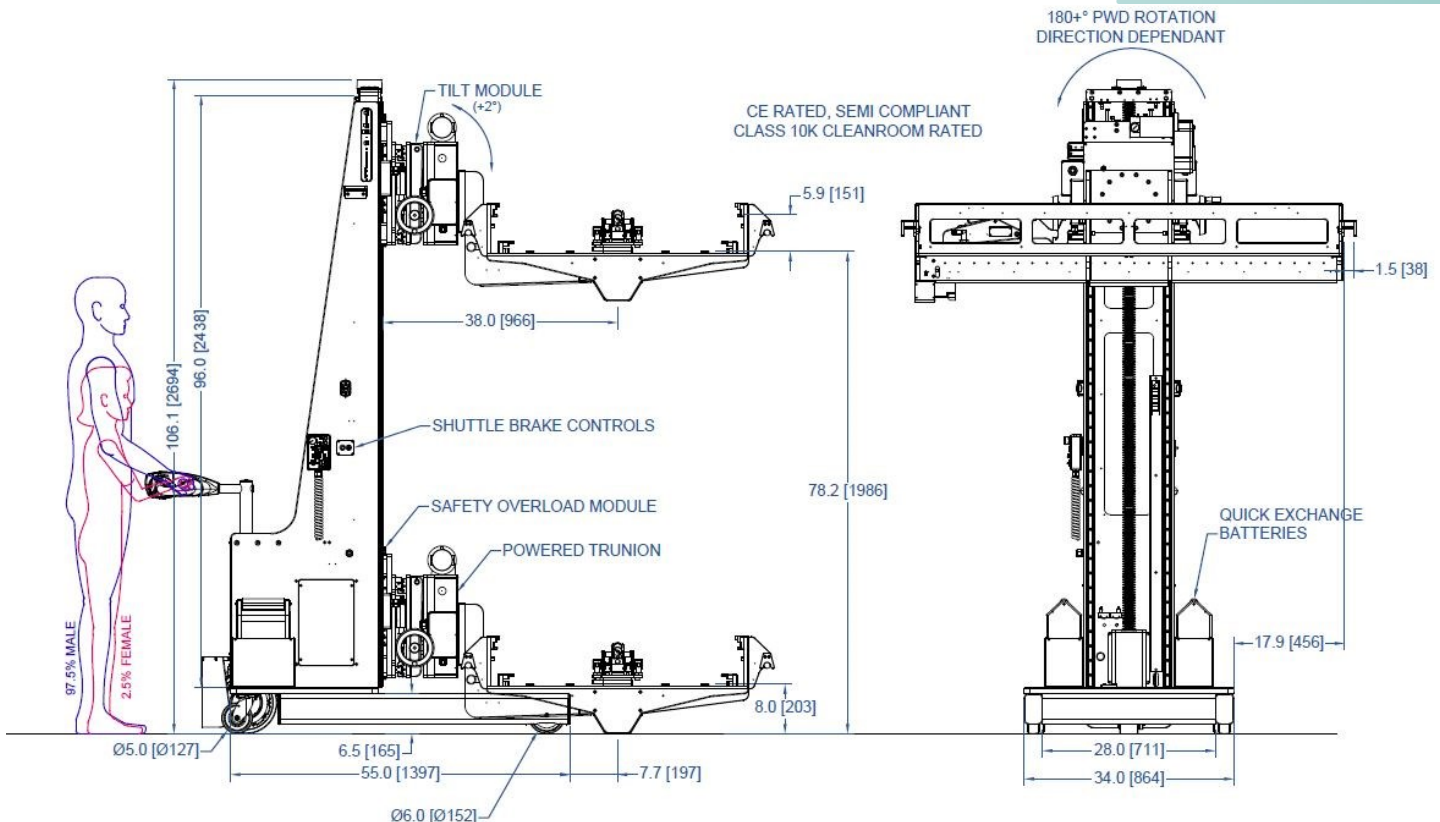

PROJECT 30753

MODEL A1500CRCLRPD-96

FEATURING Bi-Directional Powered Push-Pull, Toolless Retaining Features with Logic Interlocks, Powered Rotation, Tilt Up/Deflection Compensation, Lateral Shuttle with Powered Brake, Powered Drive Movement, Class 10K Cleanroom Rated, CE and SEMI Compliant

HANDLING 325 lb [147 kg] Test Modules

DETAILS Developed for a leading semiconductor company, this lift is designed to handle and manipulate multiple, unique test modules from racking into test equipment. The system has various degrees of freedom and specialized docking features to ensure accurate placement without damage. The resulting system allows large and valuable equipment to be quickly exchanged and serviced without ergonomic concerns while resulting in reduced downtime.
