

# FEATURED ALUM-A-LIFT TELESCOPING PLATFORM LIFT FOR NARROW AISLES

## PROJECT 30701

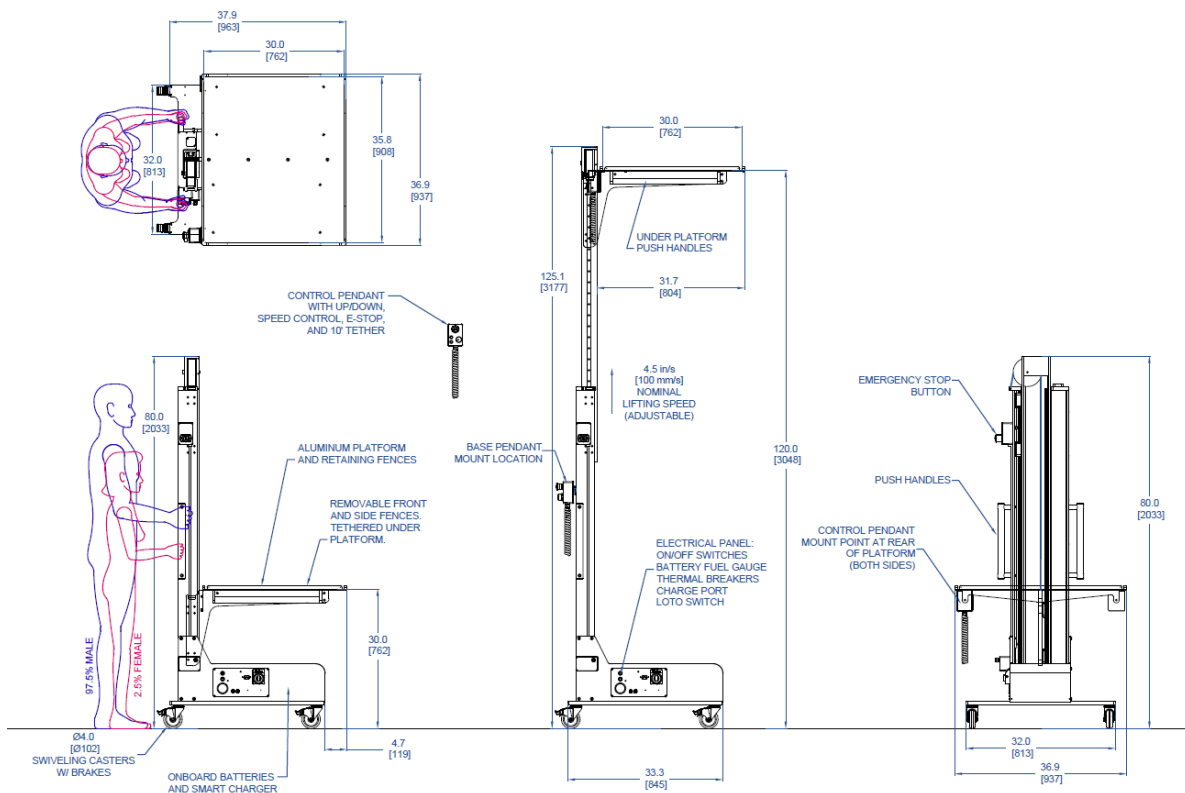

**MODEL** LC100-66

**FEATURING** Minimized Footprint, Telescoping Mast, Dual Lift Controls, Removable Platform Fences

**HANDLING** 100 lb (45 kg) Modules

**DETAILS** This useful lift offers speedy vertical travel and a generous range of motion in a footprint barely larger than the object it handles. Its handheld control pendant with multiple operating locations provide flexibility when accessing tough locations. Removable side guards allow platform access from any direction. A perfect fit in the narrow aisles of a datacenter or between conveyors and process equipment, this convenient and versatile lift amplifies the efforts of its operator and promises to be your site's favorite portable, lightweight lifting tool.
