

FEATURED ALUM-A-LIFT MULTI-DEGREE OF FREEDOM ORDNANCE MANIPULATOR

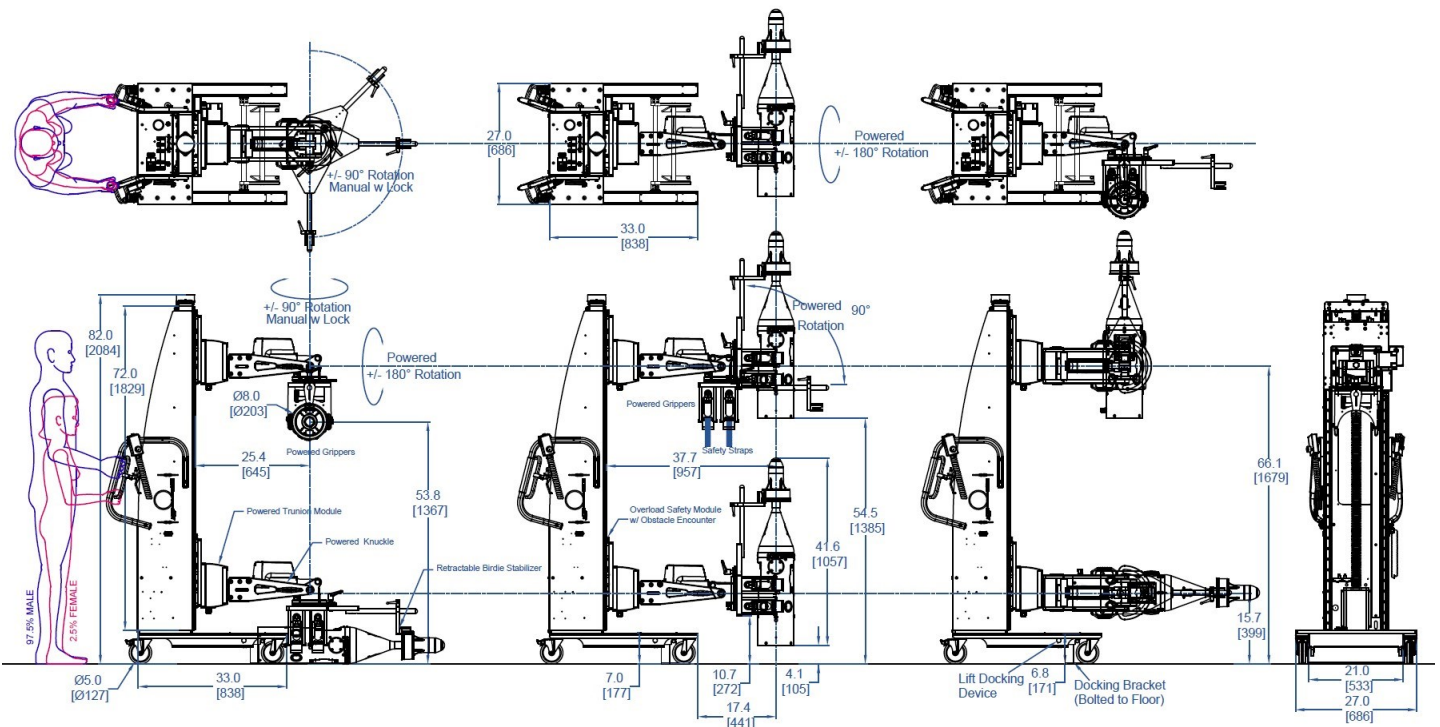

PROJECT 30062

MODEL A800CLR-72

FEATURING Dual Powered Grippers, Manual Pivot, Powered Front to Back Rotation, Powered Side to Side Rotation, Overload/Obstacle Sensing, Floor Docking Device

HANDLING 50 lb [23 kg] Ordnance Sections

DETAILS The manufacture/refurbishment of ordnance often requires accurate positioning of components in various assembly fixtures or test stations. This Alum-a-Lift allows for the secure handling and the precise placement of these components while eliminating the risk of dropping posed by manual handling. The overload/obstacle sensing module eliminates the risk of damaging sensitive test equipment.
