

FEATURED ALUM-A-LIFT
TELESCOPING MULTI-PURPOSE CLEANROOM LIFT

PROJECT
31047

MODEL A1500CRSLRT-72/66

FEATURING Multipurpose Toolless Quick Exchange End-Effectors, Telescoping Mast for Extended Heights, Obstacle Encounter and Load Sensing, Class 100 (ISO 5) Cleanroom Rated, CE and SEMI Compliant

HANDLING 300 lb [126 kg] Semiconductor Equipment

DETAILS To meet the ever changing demands in chip manufacturing, semiconductor tool suppliers must support the installation and maintenance of process tools. This cleanroom rated system was developed for a leading manufacturer of thin film deposition, plasma etch, photoresist, and wafer cleaning equipment. A full compliment of multi-purpose quick exchange end-effectors, allow one lift to easily support numerous systems in a safe and ergonomic way while minimizing downtime.
