

# FEATURED ALUM-A-LIFT MOBILE WORK POSITIONER LIFT FOR CERAMIC PLATES

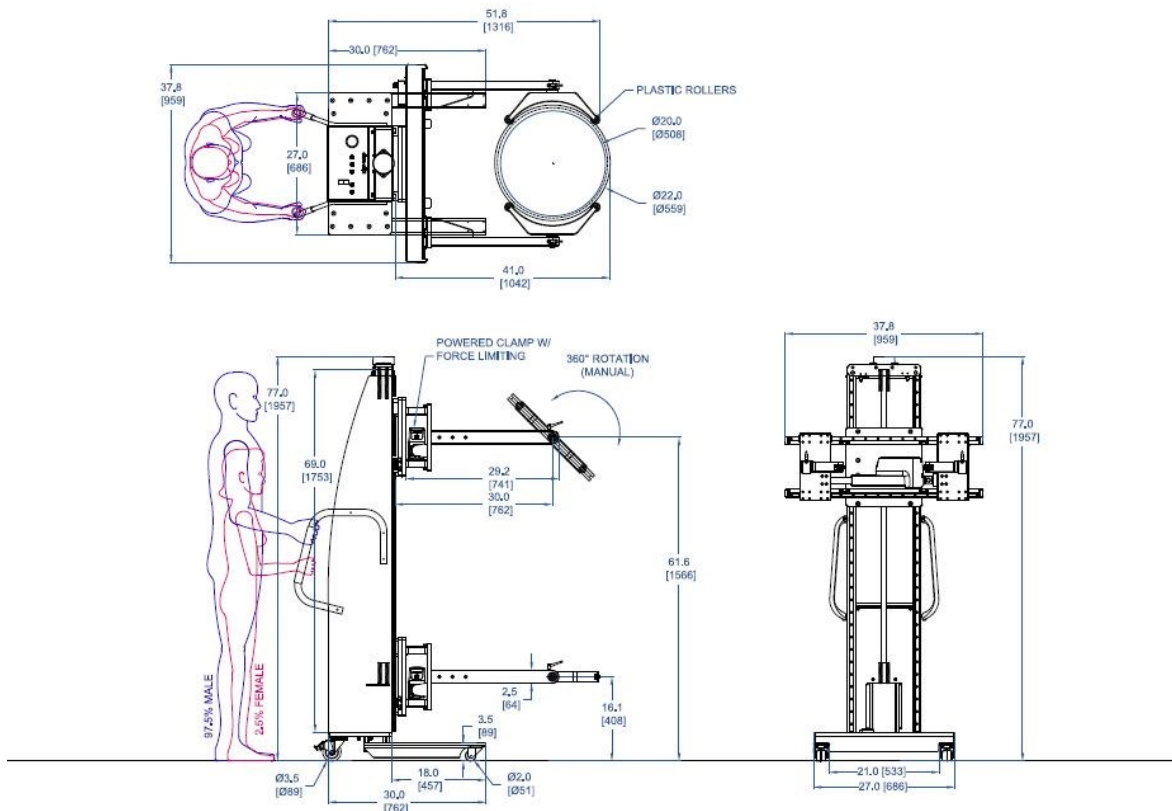

## PROJECT 33122

**MODEL** A800CRCSLR-69

**FEATURING** Powered Roller Clamp with Manual Wrists

**HANDLING** 70 lb [32 kg] Ceramic Windows

**DETAILS** This Alum-a-Lift was made to handle ceramic windows found in Physical Vapor Deposition (PVD) machines for the semiconductor industry. It features a powered clamp with manually rotating wrists and rollers, allowing for rotation of the window about two axes. The wrists come equipped with brakes, allowing the user to lock the ceramic windows to any angle needed for installation. The clamp also features a force sensor to ensure no damage is done to the window.
