

FEATURED ALUM-A-LIFT
CLEANROOM LIFT AND LOADER FOR SENSITIVE COMPONENTS

PROJECT
33546

MODEL A800CRSLR-72

FEATURING 3 DOF Shuttle, Deflection Compensation, Overload / Obstacle Encounter Module, Quick-Exchange Batteries

HANDLING 265 lb [120 kg] Glass Panes

DETAILS This ergonomic precision loader was designed to load a delicate component in a tight space. It features sealed enclosure for contamination prevention, three different shuttling modules and a safety module that ensures no movement if the lift overloads preventing damage to sensitive materials. This cleanroom lift improves efficiency in the industrial manufacturing process.
