

# FEATURED ALUM-A-LIFT PRINTED CIRCUIT BOARD HANDLING LIFT AND WORKSTATION

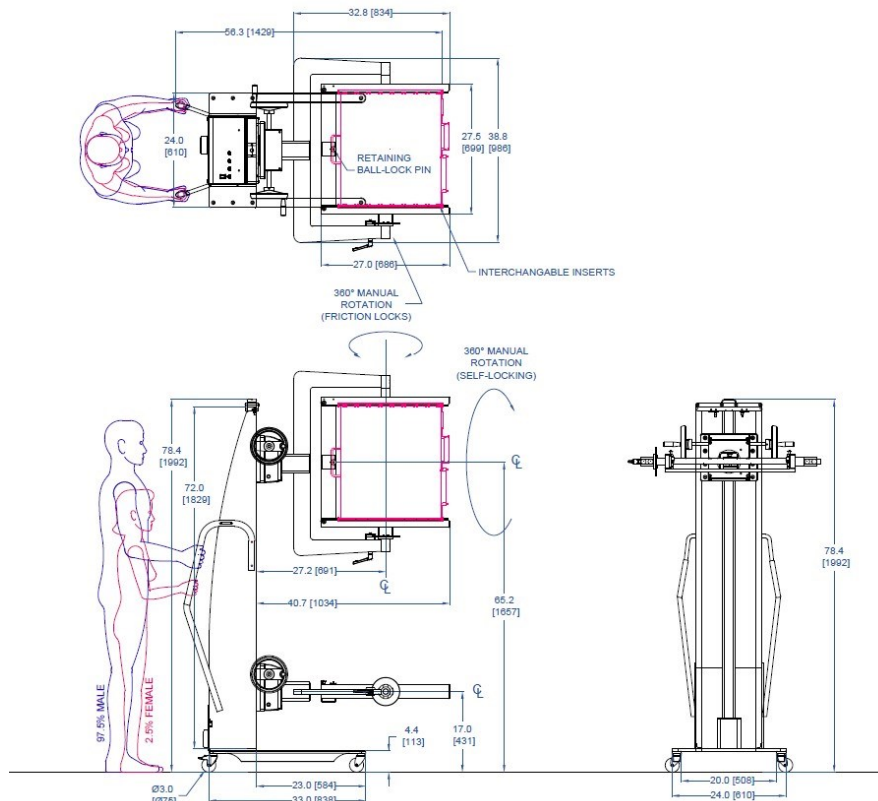

## PROJECT 34058

**MODEL** L200CS-72

**FEATURING** Self-Locking Manual Rotation Module, Front-to-Back Manual Rotation, Interchangeable Inserts

**HANDLING** 60 lb [27 kg] PCB

**DETAILS** Electronics manufacturing entails the delicate handling of substantial Printed Circuit Boards (PCB). This Alum-a-Lift addresses those challenges with its side-to-side and front-to-back rotation along with interchangeable inserts for various sized PCB's. This ergonomic material handling tool empowers operators to maneuver what would be awkward handling safely and efficiently. This lift can also be utilized as a workstation solution to load/unload from storage carts.
